

## Composite HEPA & Active Carbon Filter

HEPA+Honeycomb active carbon filter

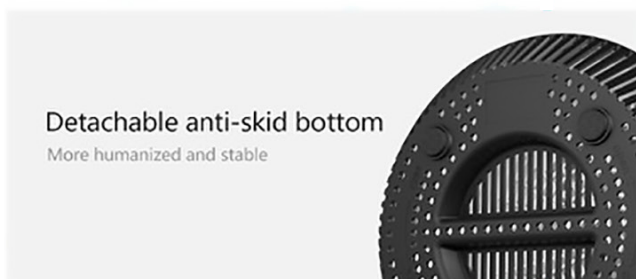

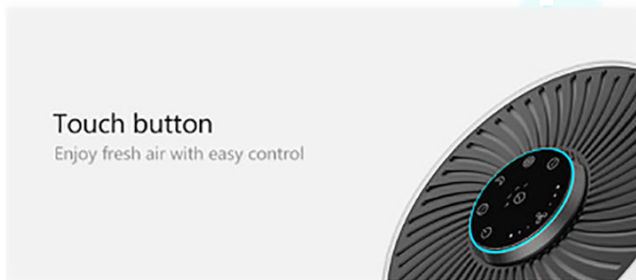

## Touch Operation Multiple Adjustment

Optional auto, manual and sleep working modes.

## Product Details

## Three air quality LED indicator lights

Air quality is monitored in real time. Working mode is switched automatically according to air quality change.

## 3D Cyclic Purification

360 degree bottom air inlet, top air outler  
optimizing design based on air flow direction.

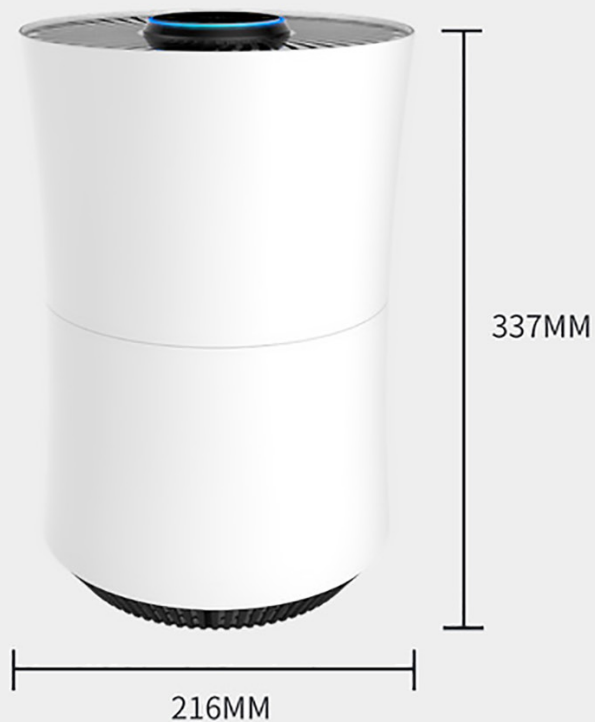

## Odor & Bacteria Elimination

Full air purification, 360 degree three-dimensional cyclic design  
& excellent purification.

## Specifications

Model No.: **KA 20**

Rated Voltage: AC 220V~50Hz / AC 110V~60Hz

Noise:  $\leq 48\text{dB}$  (full function)

CADR:  $110\text{m}^3/\text{h}$

Mode: Auto, Manual & Sleep

Fan speed level: low-med-high-turbo

Dimension: D216×H337mm

Maximum power: 40W

Maximum air flow:  $175\text{m}^3/\text{h}$

Negative ion:  $5 \times 10^6\text{pcs}/\text{cm}^3$

Timer: continuous working 1-2-4-8H

Air quality indicator: 3 levels
